Early Childhood
Program*

Stokes Partnership for Children (SPC) will celebrate the national *Week of the Young Child* with the eighteenth annual *Little Folks Festival*. The purpose of the Week of the Young Child is to focus public attention on the needs of young children and their families and to recognize the early childhood programs and services that meet those needs, especially programs and services that help a child enter school ready to succeed. Do you provide a service for young children and families? Then we invite you to join us! We will provide you with a table(s) and chairs. When setting up your table, please consider how your program/services help prepare a child for a successful future, especially in the areas of family support, health, early literacy, and early care and education.

Please fill out this form to indicate your willingness to participate. You may be contacted by a festival committee member for additional information.

No product sales or solicitation will be allowed this year.

I understand that in order to participate in the Little Folks Festival I must remain at my booth or agreed upon area during the hours of the event and understand that families may attend the event anytime between 10:00 a.m. and 2:00 p.m. I understand that arriving late or leaving early will disappoint our families!*

****This year we will be giving away two vendor door prizes! The vendors that stay to the end of the event without packing up will be eligible to win one of two prizes. Our "Fun in the Sun" themed baskets will be full of items you will need to have fun in the sun! With items such as beach towels, books to read, games and sunscreen, you will be able to have a blast as you frolic in the sun.***
